CANCELLATION POLICY

Cancellation deadlines are 2 weeks prior to the date of each camp.

To maintain the quality of our program, we ask that you follow the schedule you selected. Last minute changes affect our staffing and the kids' experiences. Each week of camp has many components, including lesson planning, staffing based on enrollment numbers, ordering food and materials, and reserving tickets for field trips. Few, if any, of these costs are eliminated when you cancel. **Our camp programs are full most dates, and we turn away interested families.**

****PLEASE THOROUGHLY CHECK YOUR CALENDARS****

No refunds will be given nor changes made to the schedule two weeks prior to the start of each camp day/week. You will be responsible for the full weekly cost should any cancellation occur within the two week time before the start of each camp week. Your account will still be charged and your child's name will appear on the roster for that week, but it will be marked as an absence on the accounting.

*Please note that no refunds will be granted for partial participation of any camp weeks. We do not pro-rate.
